WORKSPACE SOLUTION DESIGNED FOR: Gullbergs strandgata 36E

INTRODUCTION

This document contains a generic NORNORM workspace solution, information about our subscription, as well as the next steps if you want to explore your own NORNORM solution.

At NORNORM, we make workspaces better – for people they serve, the businesses they house and the planet they impact.

THE Gullbergs strandgata 36E SOLUTION

We've developed this generic workspace solution based on the floorplan available for this particular space. Any adjustments can be made to make it tailored after your needs - without making a difference on the price.

The foundation for the solutions stem out the NORNORM nordic design principles focusing on simplicity and functionality while making efficient use of your space. By creating beautiful and functional workspaces NORNORM can encourage creativity and empower better work.

workspace solution**
214 m² net area

Seats/capacity per type of space:

- Solo - 15
- Collaboration - 20
- Social - 12
- Facilitation - 0

A new concept in office furnishing:
FLEXIBLE, AFFORDABLE, CIRCULAR AND
WELL DESIGNED

It's time to disrupt the office. From fixed to flexible. From pricey to affordable. From ugly to attractive. It's time for NORNORM.

NORNORM offers workspace furnishing solutions and services through a subscription-based model. We create flexible, affordable and inspiring work environments through using and reusing resources intelligently in order to promote the wellbeing of employees, business and the planet.

GOOD FOR **PEOPLE**

Happier employees collaborate better, build more self-esteem and are more productive. By creating beautiful and functional workspaces, we can encourage creativity and raise productivity. Imagine what humanity could achieve if millions of workspaces inspired people to do the best work of their lives.

GOOD FOR **BUSINESSES**

NORNORM offers the most attractive, yet affordable office furnishing solutions. Our flexible service is expertly designed to grow and scale alongside your company's headcount. By using refurbished, yet first class, furniture we're able to offer a premium service at a low price.

GOOD FOR **THE PLANET**

Circularity is at the core of NORNORM's operations. Products that one customer no longer need are refurbished or recycled, prolonging the lifespan of the products. Meanwhile, focus on timeless design adds to the circularity of the concept.

The NORNORM solution

NORNORM helps businesses build a flexible and sustainable future with collaborative workspace design, simple subscription service, and a circular approach to environmentally-conscious furnishings.

FLEXIBLE

- Regular follow ups to ensure design is up to date.
- Switch around and update furniture sets as your needs change
- We take care of any NORNORM pieces you no longer need or move your solution as you relocate offices.

TECH-ENABLED

- We create unique solutions using 3D software
- Sensor technology within our service can track air quality, how the office is used and collect data to inform future design iterations.
- Keep track of your office solution and connect with our customer success team with the NORNORM app

CIRCULAR

- Timeless design for pieces that stay in style and circular
- We refurbish furniture to prolong their lifespan
- RFID tracking each piece through circulation to optimise care & repair

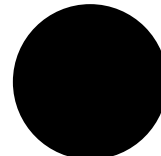

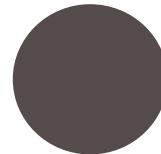

AFFORDABLE

- A regular monthly subscription fee determined by the size of your space — that's it
- Delivery, assembly, set up and design updates included
- No large investments up front
